"UP AND ABOVE"

- AKI BARBER, UNIVERSITY HIGH SCHOOL, CLASS OF 2014
Dear Friends,

Since 1996, Irvine Public Schools Foundation (IPSF) has strived to unite the community in support of educational excellence. Last year was yet another illustration of the power of collaboration and partnership, as we reached the $50 million mark in total contributions to Irvine Unified School District (IUSD). It is with great pride that we present IPSF’s Annual Report, summarizing the results of investments made during the fiscal year ended June 30, 2014. Here are some highlights from the year.

- The City of Irvine continues to be a significant partner in IPSF’s mission. For the third consecutive year, IPSF met the City’s Challenge Grant in 2013, securing $1.3 million for classroom support in all IUSD schools.

- IPSF’s partnership with IUSD ensures that dollars donated to the foundation are used where they are most needed in our schools. IPSF and IUSD leaders agreed that allocating an additional $100,000 toward Innovative Teaching and Counseling Awards Programs (ITAP/ICAP) would have a significant impact in classrooms.

- In light of expanding needs in the area of student health, IPSF began fundraising to provide support for high school athletic trainers.

- Parents and community groups collaborated to identify new areas for program growth, resulting in new classes like coding, financial investment, and entrepreneurship, offered via IPSF Afterschool Classroom Enrichment (ACE) and Summer Enrichment Academy (SEA).

It was a busy year and we continue to challenge ourselves to seek out new opportunities that benefit Irvine students. Whether you’re a Fortune 500 company, a small business owner or a community-minded individual who believes in the power of public education, there is a place for you to make a difference at IPSF. We are grateful for the continued support of this incredible community. Thank you for supporting our mission.

Sincerely,

Neda Eaton
President and CEO

Thad Martin
Chair, IPSF Board of Trustees
IPSF is the only organization that reduces class size in IUSD schools, adding teachers and instructional assistants in classrooms throughout the district.
IPSF donations are at work every day in each IUSD school, providing the support and programs to ensure that students receive a world class education. Funding from IPSF enables the following:

- Classroom Support for grades K-12, adding teachers and instructional assistants to improve the instructor-to-student ratio
- Primary Music, fully funding this K-3 program at each elementary school
- Instrumental Music Support, adding instructional assistants to enhance this 4th-6th grade program
- Naviance Family Connection, giving middle and high school students online resources to plan their futures
- Nurses, increasing the number of skilled medical professionals overseeing student health

“IRVINE UNIFIED COUNCIL PTA HAS THE PERFECT PARTNER IN IPSF, BECAUSE WE CAN DO MORE FOR ALL OUR CHILDREN THAN EITHER GROUP CAN DO ALONE.”

- CONNIE STONE
  PRESIDENT, IUCPTA
“IPSF’s support helps ensure our music program is world class.”

- Lauren Brooks, IUSD School Board Member
Learning shouldn’t stop when the bell rings or school doors close for the summer. Because of IPSF’s enrichment programs, students have numerous opportunities to extend the school day and the school year, whether they choose to explore new ideas or gain a deeper understanding of critical concepts.

**Afterschool Classroom Enrichment (ACE)**
This high-quality afterschool program provides students with enriching classes on campus at the end of the school day. A wide variety of courses are available, including foreign languages, sports, chess, art and the always popular Science Little League offering. ACE programs are available onsite at elementary and middle school campuses, and served nearly 6,000 students this year.

**Summer Enrichment Academy (SEA)**
During the summer months, students can get a jump start on the next year or avoid the dreaded “summer slide” by attending IPSF’s Summer Enrichment Academy. Taught by credentialed teachers, SEA’s fee-based classes offer educational enrichment for over 4,500 students, from kindergarteners to high school seniors.

**Annual Donald Bren Honors Concert**
Each year, more than 600 of IUSD’s most accomplished student musicians in grades 5-12 have the opportunity to perform on a professional stage at the Annual Donald Bren Honors Concert. Students are selected by audition and participate in weeks of rehearsals to prepare for the event. A signature event in IUSD’s music program, more than 20,000 students have participated in the Honors Concert since its inception in 1982.

**IPSF Day at UCI**
Each year, more than 150 high school students and their families learn about college at IPSF Day at UCI. Created in partnership with the admissions department at the University of California, Irvine, this program offers families an opportunity to learn about the UC admission process, financial aid, scholarships and grants. It also gives students the chance to hear about college life from enrolled students and enjoy a day on a college campus.
“WE ARE MORE PROUD THAN EVER TO BE SUPPORTING THE MOST SUCCESSFUL EDUCATIONAL FOUNDATION ANYWHERE FOR THE FASTEST GROWING SCHOOL DISTRICT IN AMERICA.”

- DR. JAMES LIN AND MRS. GRACE LIN, PRESIDENT’S CIRCLE LEADERS

“GIVING TO IPSF IS A WAY TO ENSURE THAT PUBLIC EDUCATION IN
IRVINE IS AS STRONG AS IT CAN POSSIBLY BE, WHILE ALSO
SUPPORTING AMAZING EDUCATIONAL ENRICHMENT PROGRAMS.”
- MARK AND LAURIE HENIGAN
The City of Irvine has been a champion for Irvine schools since the city’s inception in 1971. Today, the City provides programs, services and funding valued at over $9.2 million annually to support Irvine schools. City provisions include School Resource Officers, disaster preparedness programs, crossing guards, DARE programs, Irvine Educational Partnership Funds, Challenge Match Grant, and other services that directly impact all public schools in the City of Irvine.

The City of Irvine’s Challenge Match Grant, approved by voters via Measure BB in 2012, provides an enormous benefit to IPSF by matching, dollar for dollar, donations from individuals and corporate partners. The Challenge Match Grant allocates approximately $1.3 million annually for classroom support in IUSD, to mitigate the impact of larger classes across all schools.

IUSD allocates Classroom Support funds to each school site based on a formula calculated by the school district. Each principal has the discretion to use those funds for the most critical instructional areas at the school, providing a direct impact in the classroom.

- In elementary schools, these funds are frequently used to hire or supplement hours for instructional assistants, to enable smaller learning groups in key areas
- In middle and high schools, these funds are primarily used to add sections for core subject matters where enrollment is large, thus enabling smaller class sizes across the schedule

The impact of the City’s partnership with IPSF and support for schools is immeasurable. It is this kind of outstanding leadership that makes Irvine the exceptional place that it is for all IUSD students and their families.

"THE IRVINE CITY COUNCIL IS PROUD TO CONTINUE ITS UNPRECEDENTED SUPPORT OF IRVINE PUBLIC SCHOOLS THROUGH BOTH FUNDING AND RESOURCES. TOGETHER, WE SHARE IRVINE PUBLIC SCHOOLS FOUNDATION’S AND THE IRVINE UNIFIED SCHOOL DISTRICT’S COMMITMENT TO ENSURING EVERY IRVINE STUDENT HAS ACCESS TO THE BEST EDUCATION POSSIBLE. OUR COLLECTIVE VISION AND COMMITMENT HAS HELPED FOSTER ACADEMIC EXCELLENCE IN IRVINE, OPENING THE DOOR TO THE ENDLESS POSSIBILITIES FOR OUR YOUTH AND THEIR FAMILIES. IT IS WHAT SETS IRVINE APART AND WHY SO MANY PEOPLE WANT TO CALL IRVINE HOME."

- CITY OF IRVINE MAYOR, DR. STEVEN CHOI
IUSD’s Middle School STEM (Science, Technology, Engineering & Math) Career Options Conference was established 22 years ago to increase student awareness and interest in science-related careers. Some 400 middle school students are invited to attend the conference annually, and attend breakout sessions where they learn about careers in physics, computer science, molecular and cell biology, robotics, aerospace, health, veterinary medicine, and many other specialized fields.

Originally funded by the National Science Foundation, the program has endured thanks to the support of IPSF and its partner, Google. Since 2011, Google has provided funds for the conference, and Google employees have joined a host of other scientists, doctors and professionals from UC Irvine and many partner organizations to engage and inspire students.

Thank you, Google, for leading the way to a bright future in STEM careers for Irvine students.
