

PARENTS MAKE AN IMPACT

Thank you to all of the generous supporters who have donated to the *Educational Excellence Fund*! Your participation at any level helps to fund small learning groups, music, science, and health & wellness in our schools. Together, we make a difference! View all our supporters on the IPSF [Donor Honor Roll](#).

There is still time to [make your gift](#) to claim a tax-deduction for 2019. Give a gift of any amount by Dec. 31, and the **City of Irvine will generously match every donation** to IPSF - dollar for dollar. This means that a \$50 donation can become \$100 for your child's education. <https://ipsf.net/video/#video>

ENRICHMENT DAY REGISTRATION

Mark your calendars! **Monday, February 3** is a district-wide school holiday. Plan for your student to spend the day with IPSF at Enrichment day! Students in grades 2-8 can spend a fun-filled day exploring fun and exciting classes from coding to cooking. The day will run from 8:30 a.m. to 4 p.m. at Creekside Learning Center. Students may pre-register for four classes in a variety of fun and engaging subjects. Cost is \$94 per student. Registration and information will be available online January 2020 at <https://portal.ipsfacademy.org/ee>

CALLING ALL HIGH SCHOOL ENTREPRENEURS

The Dragon Kim Foundation is currently taking applicants for the 2019-2020 Dragon fellowship program. The fellowship program was created to help high school students who have an idea or passion that they wanted to grow but don't have the resources or skills to bring that idea into fruition. Students that are selected to be a Dragon fellow are provided with \$5,000 seed money, training sessions, mentors in the business world, and resources to grow their idea into a successful project. To learn more visit <http://dragonkimfoundation.org/fellowship/>

INTERNATIONAL SCIENCE & ENGINEERING FAIR COMING TO OC!

In May 2020, [ISEF](#) is coming to Orange County for the first time in 40 years! Over 1,800 high school students from 80 countries and territories will compete for \$5 million in prizes and awards at the world's largest high school science and engineering fair at the Anaheim Convention Center.

Local STEM professionals in engineering, technology, and science are needed to judge the student competitors' projects, interpreters in over 25 languages to assist the students during the [judging process](#), as well as [general volunteers](#). Don't miss this chance to be a part of history!
