EDUCATION MATTERS TO OUR COMMUNITY!

Although Irvine Unified is one of the lowest funded school districts in the nation, we refuse to accept less for our students and remain dedicated to rallying our community to do something about it. We are excited to share our [Digital Community Mural](#) featuring stories from families across the City who are taking action to ensure a brighter future for their children, and our entire community!

Through generous donations to the [Educational Excellence Fund](#) from parents like you, IPSF helps fund the people and programs that make our schools world class. The students of Irvine are counting on us to unite in support of education – together we are stronger! www.ipsf.net/eef2020
