

Health and Accommodations

If your student requires medication or has any conditions that IPSF staff need to be aware of, please note this information in the “Critical Information” section of your student’s profile. Please see below for further documentation you will need to provide prior to the start of the summer session. Information from your student’s profile will be shared with IPSF staff as needed to ensure safety during the summer.

Student Accommodation Policy

The Irvine Public Schools Foundation is a private non-profit organization and is not affiliated with any school districts. Therefore, we do not work with IEPs or 504s. As a private non-profit organization, we are committed to serving children with disabilities and will make all reasonable accommodations to meet their needs. Figuring out reasonable accommodations is an interactive process and we work together with parents to create a successful environment for students.

Required Documents

Please fill out each form under “Required Documents” below that applies to your student and bring to the front office on the first day of the session. If your student is participating in multiple sessions, please note these forms are required to be completed for each session. IPSF staff do not have access to medication from the school year.

Health-related Condition	Required Documents
My student requires medication that needs to be administered during the summer session, or is for emergency purposes only	Link to Medication form
My student has a <u>severe</u> allergy	Link to Allergy form Link to Medication form
My student has asthma	Link to Asthma form Link to Medication form (if applicable)
Medical, developmental or behavioral	Link to Medication form (if applicable) Please update your student’s profile with details that IPSF staff will need to know while your student is participating in our program.
Other	Please contact programs@ipsf.net for details on how we can accommodate your student.

We look forward to providing a positive learning experience for your students this summer!
For questions, please contact programs@ipsf.net
